Dear Professor Chiranukrom and Ms. Lertanan,

Attached please find a letter from Director Elizabeth Perry, inviting your institution to participate in the **HYI Joint Scholarship Program**, which provides the funding for your young faculty to pursue a Ph.D. at the National University of Singapore (NUS), with a year of dissertation research/writing at Harvard University. You may nominate up to 2 candidates from among your most promising young faculty for the program.

The application process for this program is different from the Visiting Scholars application process. Candidates do not apply using HYI's online application system. Instead, they should apply **directly** to the PhD program at NUS. Further details are given in the attached invitation letter. Please note the deadline differs from the VS program deadline.

In addition to the invitation letter, I have also attached:

1. A supplemental application form. In addition to applying directly to the doctoral program at NUS, the applicant should also fill out the brief form.
2. An institutional approval form, to be filled out by your office, indicating your official nomination of the candidate to the program.

Please reply to confirm that you have received this message, and please let me know if you have any questions. As always, thank you very much for your cooperation.

Sincerely,  
Lindsay
